

Read first!

Open your PDF sewing patterns in the desktop version of Acrobat Reader, and use the layers feature to hide the sizes you don't need. Click the PRINT icon, ensuring the ACTUAL SIZE option is checked and the orientation is set to default before printing. The control square below is included for size verification. To assemble, trim the bottom and right margins of each sheet, then tape them together, aligning the corresponding markers.

This image shows a handwriting practice sheet for the letter 'L'. It features three rows of practice lines. Each row begins with a large 'L' on the left, followed by a dashed 'L' for tracing, and then a series of solid 'L's for independent practice. The first row is for uppercase 'L', the second for lowercase 'l', and the third for a smaller lowercase 'l'. The lines are horizontal and evenly spaced.
